Made in the USA, Amantii's artisan concrete surrounds are beautiful to look at, transforming any space and providing years of enjoyment. Part of the unique quality of concrete is that textures and irregularities are part of its charm. As such it is not uncommon to find slight surface irregularities and color variations from piece to piece. Each piece is cast by hand and the finest color pigments have been used for the optimal in color consistency.

Unit and face are designed to fit flush against the wall when built-in.
