wood-burning fireplaces

# Icon Series wood-burning fireplaces

## A Fireplace of Epic Proportions

- Choice of three premium sizes with true brick-to-brick opening widths of 50" for I100, 42" for I80 and 36" for I60
- Clean design allows finishing materials to be applied right up to the edge of the firebox opening
- Can be installed flush to the floor or on a raised hearth
- Refractory lining color and texture deliver convincing masonry look in herringbone and traditional brick refractory pattern finished in multiple earth-toned color shades
- Factory-installed outside air kits utilize outside air for combustion for maximum drafting performance
- A hearth extension is required
- SL1100 Series venting
- Tested and listed to UL safety standards
