

DIRECT VENT FIREPLACE SYSTEMS

 Monessen

WARM WELCOME

Nothing invites or delights like the dancing flames of a fire. For thousands of years fire has been the focal point of hearth and home and, like so many families before, we invite you to sit by ours and enjoy its warmth and beauty.

DIRECT VENT FIREPLACE SYSTEMS

CDV SERIES

Installing a direct vent fireplace from Monessen is a great way to include elegance and warmth in just about any room in your home. Available in four sizes, the CDV direct vent fireplaces from Monessen offer up to to 795 square inches of viewing area and a range of BTU's from 18,000 to 24,000. With a dedicated top or rear vent design and a number of optional accessories, our CDV fireplaces are the perfect choice for anywhere a warm gathering spot is required.

BDV SERIES

Not only does a fireplace make a beautiful addition to your home, but a direct vent fireplace from Monessen is an excellent way to heat rooms that seem to remain cold and damp without heating up your entire house. The BDV series of fireplaces offers a classic fireplace design in a range of sizes. Enjoy the flickering flames with viewing areas from 486 to 795 square inches and the warmth of BTU's ranging from 15,000 right up to 26,000. Operating your BDV fireplace is simple with our Signature Command™ System, now available on all BDV models. All BDV fireplaces come with standard black louvers but choose from a range of optional accessories and finishes to give your Monessen BDV direct vent fireplace a custom look that fits seamlessly into your décor.

SIGNATURE COMMAND

FIRE, AND MORE, AT YOUR FINGERTIPS!

No other system offers so many available features as the Signature Command™ System, now standard on all direct vent fireplace models. From the optional Touch Screen remote control you can light the pilot and control three step flame adjustment, or just let the Smart Mode Thermostat take command and automatically modulate your fireplace to its most comfortable and efficient operation. Enjoy the electronic ignition functionality with automatic battery backup system all without getting up from your couch. Add on the optional A/C accessory module and even more features are at your fingertips. Adjust the blower speed, and add up to two additional appliances to the 120 volt auxiliary ports. This allows you to control ceiling fans, waterfalls, room lights, or any appliances you choose, from the same remote control.

DIRECT VENT FIREPLACE SYSTEMS

BELMONT SERIES (BLDV)

As seen on the front cover, the Belmont BLDV direct vent fireplace system from Monessen offers a contemporary clean-face design with no louvers – providing an expansive viewing area. Available with traditional logs and black porcelain liner, a variety of firebrick options, or with our stone and glass or glass burner, the Belmont is the perfect addition to any modern room. Standard with Signature Command™ System provides one of a kind electronic ignition with battery backup (meaning you can operate your fireplace even in a power outage) and no standing pilot using gas when your fireplace is off. The Belmont from Monessen is an energy efficient choice as well as a beautiful one.

DIRECT VENT FIREPLACE SYSTEMS

HBDV SERIES

The classic beauty and style of the HBDV from Monessen is outdone only by its radiant warmth. Standard ceramic glass ensures not only a clear view of the dancing flames, but also even, radiant heat that will keep your home cozy. With a wide variety of options, including Cottage Red or Cottage Clay firebrick and brass, pewter or black trim and louver colors, the HBDV offers flexibility and a custom look that will suit any décor. Available in two sizes with deluxe illustrated control panel, the HBDV from Monessen is as easy to operate as it is to look at. With an 85% CSA efficiency rating and a Limited Lifetime Warranty, the HBDV from Monessen is the perfect fit for your home.
